Another Good Story A Profound Estimate Of The Conferences

A visitor to Northfield (Massachusetts) is charmed and rested by the landscape. The Connecticut River valley at Northfield widens several miles across from hill to hill—that is why the original explorers, and the Indians before them, chose the Northfield area for settlement. River and forest feast the eye and the mind, while comfortable village homes and prosperous valley farms suggest the well-being of the people. The well-groomed lawns and shrubbery and flower beds on the campus of Northfield Seminary, where the summer conferences are held, and the well-ordered appointments in dormitories and tents where delegates are cared for, impress the visitor favorably and predispose him agreeably for the conference gatherings. For though there is a growing colony of summer residents at Northfield who have built homes under the stately elms of Main Street or on the wooded slopes of the hillsides and highlands, the thousands who converge on Northfield every summer are chiefly attracted by the religious conferences. Young and old come for Bible study, and religious education, to learn improved methods of service and helpfulness in home and foreign fields, above all to receive personal inspiration and spiritual direction.

The season now drawing to a close has been in the best Northfield tradition. The Girls' Conference in June was a little larger than a year ago. The newly united conference of women's home and foreign missionary societies and the Conference of Religious Education, both averaged up well in attendance. Favorable weather has been enjoyed throughout the summer, on the whole.

The General Conference of Christian Workers ran from July 29 to August 14. This is the first of the Bible conferences called together by D. L. Moody back in 1881. Its purpose and methods have continued all these years largely on the same lines. Christian people of all the denominations feel at home; denominationalism drops out of sight except as informal groups may get together for fellowship.

An unusually strong corps of Bible teachers and preachers from this and other lands was assembled this year by W. B. Moody, who planned for the General Conference. Dr. James Moffatt of New York gave six most illuminating expositions of different Psalms. Dr. J. Stuart Holden of London expounded the parables of the Old Testament and other Bible portions. The galaxy of preachers included, beside several from this country, Rev. Adam W. Burnett of Glasgow, Dr. John A. Hutton, editor of the "British Weekly," London, and Rev. Donald M. Baillie of Kilmacoll, Scotland, a new voice at Northfield. Dr. Wm. S. Mitchell of Malden, Mass., gave several practical and inspiring addresses on evangelism in the church and in the world outside. Sunset outdoor meetings on Round Top were mostly occupied with stories of Christian activity of various kinds. Music is always featured at Northfield as a worshipful and effective ministry, and especially at the General Conference which has vivid memories of the great evangelistic leaders from Sweden to Hammonree and Rodeheaver. This year the music was under the direction of Prof. Irving J. Lawrence, for over 20 years director of the music department of music at Mount Hermon School. Large experience in chorus and congregational singing enabled him to feature the singing of hymns, while his own solos were so much appreciated. Mr. and Mrs. Roy H. Buzzell of Concord, N. H., assisted him with solos and duets. Mr. Buzzell has a baritone voice, and Mrs. Buzzell a contralto, both of unusual mellowness and sympathy, and hence well adapted to gospel music. They are known to a large radio audience over WEA as members of the Hoyt Service quartet.

The Northfield season closes with the state Christian Endeavor Conference August 14-21. This will bring together some 500 young people for eight days of worship, study and recreation. The daily schedule includes Bible courses, Christian Endeavor courses, and more general courses on vocational guidance, leadership, missionary heroes of our day, citizenship ideals, and such topics. A brief devotional chapel service is held daily, and a vesper service on Round Top, with a mass meeting following. Time is planned for recreation of all kinds, orchestra etc. for dormitory and tent sings, and other appointments enjoyed by young people. The services are announced for Sunday August 20 include morning worship in the Auditorium with Dr. Henry Hitt Crane of Scranston, Pa., as preacher; an afternoon consecration and communion service led by Rev. Walter Lee Bailey of Springfield, Mass.; a Round Top gathering; and an evening service also led by Dr. Crane.

Upon the close of the Christian Endeavor Conference the buildings of Northfield Seminary will be put in order to receive over 500 girls for the 54th school year. At the same time Mount Hermon School nearby will open its doors to the same number of young men for its 52nd year. In both schools these young people will receive a thorough academic training, together with a certain amount of experience in daily household work in

A hundred were graduated from each school last June. Among the thousands of graduates of the past fifty years many men and women have reached eminence in the life of the nation in the various professions and industries and other vocations in foreign fields. The conferences and the schools are often regarded as D. L. Moody's monument. They are what continue to make Northfield a center of Christian influence that reaches to the ends of the earth.

At The Auditorium Chorus Of Boys Will Sing Here

The Crusade Union Boy Singers, a chorus of about 25 picked boys, will give a concert on Friday evening (this week) August 18th at 7.45 p.m. in the Auditorium to which the public are cordially invited. The chorus whose headquarters is in Newark, N. J., is making a trip into the mountain resorts of New England, particularly the White Mountains. It has been in existence for about 15 years, have sung for President Wilson and Harding, and were received in the White House by President Hoover.

The chorus is a unique organization, is independent and not sponsored by any other organization. The boys from 12 to 19 years of age, come from 15 or more towns and cities tributary to Newark and are all thoroughly trained singers. The organization is undenominational, the boys coming from a great variety of churches. It was founded by the present director, the Rev. H. E. K. Whitney who has as his assistant and business manager Herman Behn, father of two of the boys. The vocal coach and organist, H. W. Kellner has just returned from Salt Lake City, Utah, where he played the famous organ in the Mormon Tabernacle during the month of July.

Features of the chorus are: Edgar Green, boy bass soloist; a horn trio, including George Meagher, first trumpet; Kenneth Whelan, second trumpet; and Louis Schiffler, trombone; Vincent Chwalkowski, violin soloist, who has won prizes and has played in Carnegie Hall and other well known concert halls; Philip Corey, soprano soloist; Clement Hess, pianist; a male quartet, composed of Vincent Chwalkowski, first tenor; Harold Van Schoick, second tenor; Paul Staggard, baritone; and Edgar Green, bass. A trio which sings colored spirituals includes Harold and Robert Behn and Frank Krummel.

The chorus, trained especially for the World's Fair will sing selections arising from the genius of such immortals as Gabriel, Mozart and Mendelssohn. The Concert Brass Band under the baton of the prodigal boy leader LeRoy Conolly of Elizabeth, N. J., will play from the works of Paderewski, Sousa, Sullivan and Goldman. The band's extensive instrumentation of cornets, baritones, saxes, euphoniums, tubas, and drums is well equipped to do full justice to the most difficult and "heavy" numbers. Instrumental and vocal solos will be opportunely interspersed by outstanding juvenile artists.

Parent-Teachers Local May Disband Soon

A special meeting of the Parent-Teacher Association will be held at the home of Mrs. M. D. Birdsall on Monday afternoon August 21 at 4 o'clock. The business to be acted upon is the question of disbanding as part of the State and National P. T. A. It has become increasingly evident during the five years of our Association's existence that we cannot join in the activities of the larger groups. Our relation with them has been confined to the paying of dues, we have been unable to attend conferences and avail ourselves of the benefits to be found there. Therefore it seems wise to many of the members to disband, and to re-organize in October as a purely local group, with the same purposes as before, but with our very limited funds available for use in our own schools and playgrounds.

If anyone, whether or not a member of the P. T. A., feels strongly that this action should not be taken, will he or she please make an effort to attend the meeting on Monday? We are anxious to hear all sides of the question before it is put to vote.

This trophy is presented for the best 36 holes obtained in competition for the week. Duncan's scores were 74-73 for a 147, one under par.

In the match play handicap championship, Alvin Porter defeated Bob Duncan in the Class A division by the margin of 5 and 4 on the playoff, after a tie for 18 holes. In the Class B division, W. V. Duncan defeated Hutchison by default. In the Boston Eight Division, Dr. G. Fisher defeated Fred Albert one up for 18 holes.

Robbed In Home And Badly Beaten Culprits Caught

Last Friday evening Hollis C. Lyman was badly beaten and robbed in his home on the Hinsdale Road near the New Hampshire line. It seems that two persons in a car stopped at his home and entered and beat him taking from him his clothes and about \$10 in money.

The incident was reported to Frank Montague, chairman of the Northfield selectmen, who turned the investigation over to Deputy Sheriff Darby.

According to Mr. Lyman, he was sleeping at his home about 10 o'clock Friday evening, when two men, whom he glimpsed but did not recognize, appeared in his room and wrapped him in a blanket, dragged him to the floor and beat him. They searched the house and got away with about \$10.

The men, whom police believe were from out of state, escaped in an automobile, but Mr. Lyman, due to his injuries and intimidation, did not secure the number of the automobile.

However due to the alertness of Mrs. Melvin Miller of Winchester Road who was passing in an automobile she remembered glimpsing the license plate and recalling the last two numbers of the New Hampshire license. Upon this information Sheriff Darby and Lt. Dacy of the State Police who was called by him investigated, started their work and finally after a bit of clever endeavor arrested Austin Curtis age 20 of Winchester who signed a confession. Sheriff Kendrick of Winchester co-operated and the prisoner was taken to Greenfield. The arrest of Paul Chase age 22 the owner of the car quickly followed and both prisoners were before the District Court Thursday morning charged with breaking and entry and larceny charged by Sheriff Darby. Both men pleaded guilty and were held for Superior Court. Not being able to furnish bail of \$2,000 each they were remanded to jail.

Much credit should be given our local Deputy Sheriff for his activity in bringing to justice within five days these young culprits of a dastardly crime.

The clothing of Mr. Lyman which was taken from him was found by the officers under a culvert in Warwick where they had

Dr. George R. Murray and Mrs. Murray of Binghamton, N. Y., well known in Northfield suffered slight injuries last Saturday morning when their automobile struck the left side of the south end of the Tibbets Bridge, south of Newfane. Unfamiliar with the road, Dr. Murray, who was driving, failed to see the bridge until too late. The car struck head-on a large post at the corner of the bridge, shoving it out of place. The car was damaged about the front. Dr. Murray and wife were both taken to the Brattleboro Hospital where they were treated and discharged.

The couple, enroute from South Newfane to Northfield, Mass., took the wrong road.

Dr. Murray is a brother of Harry Murray of Northfield.

VALUES!

THIS new Pathfinder is a bigger value than the old Pathfinder. It has the bigger safety margin of FULL CENTER TRACTION — bigger mileage from the 20 PER CENT THICKER TREAD — stouter body of heat-resisting Supertwist Cord — and other improvements that make it a still better buy than the 17,000,000 Pathfinders that went before.

Look at the All-Weather values, also! This great thoroughbred — the finest tire that money can buy — waves an alluring price tag.

Whichever you want — Pathfinder or All-Weather — remember this: More people are saving money with Goodyears than with any other kind.

Motion Pictures

Attracting Many

As a rule the Northfield Town Hall is filled to capacity only at school functions and town meetings. One of the few exceptions occurred last Monday evening when the hall was packed for the showing of the motion picture "The Working Man" starring George Arliss.

Manager Nilman expects another large audience next Monday evening, August 21st, when he will present the popular Janet Gaynor and her new screen lover, Henry Garat in the film "Adorable." Northfield theater-goers will no doubt remember Miss Gaynor for her splendid performance in "State Fair."

"Adorable" tells the story of a boy and a girl deeply in love and their quarrels and their gay times. It brings to the screen a new Janet Gaynor, more winsome, cute, and human than ever before. Moreover, "Adorable" is in tune with life-light of heart, carefree, joyous, happy and wholesome. We urge you to see it.

A Day's Rare Treat
Rail And Boat Trip

An unusually novel day's outing, a six-hours' ocean cruise to "nowhere in particular" will be inaugurated by the Central Vermont on Sunday, August 20, from stations on the southern division of the line.

The outing something new in travel excursions, will be a combined railway and steamship excursion.

A special Central Vermont train will be operated from Brattleboro Northfield, Palmer, Stafford and Willimantic direct to ship-side at New London. Passengers will then board the ship the N. E. S. S. "New Hampshire"—for a cruise of 125 miles down Long Island Sound as far as New Haven then across the Sound returning along the Long Island shore, a voyage of six hours. Docking, passengers will find their special train at the ship's side ready for the home journey.

The steamer "New Hampshire" which is being used in this initial rail-water excursion venture, is one of the largest excursion steamers on Long Island Sound and is used in regular passenger service on week-days between New York and New London. It has spacious public rooms, which will be used Sunday for dancing with music being furnished by the ship's orchestra, and ample open and closed deck space, thus securing ample accommodations for the large crowd that is expected.

Already many from Northfield are planning to take this trip.

It's a well-known fact that foods cooked electrically retain every bit of their rich, natural flavor. The fast, even, CONTROLLED heat juices and healthful vitamins of meats without basting . . . cakes and pies have the full flavor of their ingredients. Surface cooking with a small amount of water preserves the vitamins and natural salts of vegetables.

EDITORIAL

A new national trail is being blazed back to prosperity. The program is ambitious and gigantic. It includes all branches of commerce, industry and agriculture. It calls for untiring cooperation and loyalty within every unit of the national life. It calls for team-work as exacting as we have ever known. That means that the fundamental code of the entire endeavor is "CO-OPERATION."

In charting the national route which faces toward the goal of plenty for all, it has been interesting to note the directness of the action. This directness has been in the appeal to the separate units to co-operate within their own ranks; to establish codes and to observe them wholeheartedly. It is only in proportion that these units co-operate, separately and collectively, that the big endeavor will succeed.

Northfield's caravan will follow the "eagle" to better times.

Are you careful about the form in which you carry your money? You know crowds are the pick-pockets' playgrounds. Hold up men and thieves of all kinds follow the trails of the pleasure seekers everywhere.

A week-end is short and therefore all the more important. You cannot afford to have it ruined by a thief or by the loss of your funds. Remember, cash lost or stolen is seldom, if ever, recovered. It's a wise person who goes to his bank and secures his traveler's checks for use in traveling. It gives you a decided peace of mind.

With automobiles speeding so rapidly through the streets of our towns and villages a word of warning is timely to all parents in regard to the safety of their children. According to Registrar of Motor Vehicles Ryan nearly 100 children have been killed by autos this year. The blame must be apportioned between autoists and parents. When a child is killed, the argument for the responsibility does not bring back the life of the child. Parents should instruct their children to keep off the highways, and to be careful in crossing streets. Parental direction will lessen the gambling with fate.

But love is like a sunshine that fills a gulf below,
And love is like a cabin fire that shines across the snow;
And love neglected is a bird that sings and then must go.

Oh girls with laughing scorn of it, who let true love go by;
Dream not the passion born of it that warms when it is nigh
Will wait your easy nod to it, a lark that can not fly.

When it gives your hearts a sunrise and gilds earth's browns with gold,
Then it turns to wine within your blood and makes the boy heart hold;
Remember, while the summer lives, that winter stars are cold.

Northfield Wins

The local ball team took the Shelburne Falls Indians team into camp last Friday night by the score of 8-4.

Paul Urganiewicz toed the slab for the locals and although he allowed one more hit than his opponents, he bore down with men on bases so that they were left stranded. He struck out 10 of the 21 men to face him.

Paul helped to win his own game by getting a triple and two singles, in as many trips to the plate. "Bob" Shearer of the locals also hit the old ball hard, getting a homer, a double and a single in three trips up.

Talbor Polhemus turned in the fielding gem of the game with a great catch of Gerry's fly in deep right center field.

A Good Game

The Northfield baseball team dropped their game with the Brattleboro Berkshires last Monday night by the score of 6-4.

Although the locals outlived the visitors 7-6, the hits in the pinchers with men on bases just didn't seem to be forthcoming.

Four errors by the local boys let men get on first base and this was a contributing factor to their downfall.

The N. A. A. baseball team journeyed to Warwick last Wednesday to help celebrate the Old Home Day in that town and won the game 6-3.

"Bob" Shearer did the twirling for the locals and did a fine job of it.

The game was unique in that no bases on balls were issued by either pitcher.
